Good funing Game. from the small time i spent in it, the game was pretty bad, and from what i could tell, had a lot of items, in the cash shop relatively exclusively. lots of things where poorly explained or not at all in the brief tutorial.. Finding review .. This game well I call myself a master scammer if my buddy's are on it's all about gaining trust then telling them hey let me \*pimp\* steal stuff from your world Wait did I say steal I mean give better items ;P
